Sampson Advisory Board:

Thank you to all that came to help clean out and clean the Sampson. Thank you to Rvan Daley and Steve Bloom for offering temporary storage space for the props and items that were salvaged from the flood. Dean thinks that we may be offered land that he would be able to put a pole barn for permanent storage. The items that are in Steve's barn need to be moved by the end of June. John will ask Doris Suttin about possible storage space she may have available.

We have put in a claim for \$200,000 in damages. We have paid out \$1,500 for trash.

K&L Cleaners has cleaned a lot of the salvaged costumes for free. It was suggested that we send them a donation as a thank you.

Jamie Golden has offered to power wash (with bleach and water) the Sampson. Trombley's has donated the water needed. We will need about 15 people on Saturday to help push mud as Jamie sprays.

Rachel Knanton has set up a site on GoFundMe for donation for the Sampson.

The structure of the building is fine.
