

PYTCo update: 06/01/09

Since our last conversation, this is what I have:

1. Grace has these grants turned in & awaiting reply: NYSCA (re-submitted) and the Parks & Rec. Dept. grant.
2. The board is dividing up the list of community groups to survey their leadership re: use and value of Sampson. We have notes on some but need to make a organized format.
3. Met with IDA office today. Very supportive meeting. Will be meeting again next Wed. to look at "shoring-up" the business plan.
4. Board approved membership to Landmark Society. (I've missed Norma, but now am aware of her hours so should be making that contact tomorrow or Wed.)
